

# Quality Policy

*Becland Stamping & Machining Corp.* is a customer focused company, which commits itself to providing products and services that consistently satisfy the requirements and expectations of our customers.

The principal method by which we will achieve this goal is by maintaining and continually improving the effectiveness of the quality management system that we have established, based upon the ISO 9001:2008 standard, and by embracing the values of our business and customers.

Our management and employees are dedicated to realizing and supporting the quality policy, quality objectives and quality system. *Becland Stamping & Machining* will achieve our Quality commitment by understanding our customers' needs and expectations, and continually improving on them. We will train all employees to better perform their tasks, as well as understand the quality policy and the importance of meeting customer requirements.

Our number one business goal is to meet the requirements and needs of our customers with quality parts, favorable pricing, and on-time delivery.
